

VoIP Industrial telephone Type A24/VoIP

With the proven casing of the weatherproof telephone A24 combined with newest IP-Network-Technology the A24/VoIP will be the new component for your communication system. The configuration is realized by a simple and clearly arranged web-interface. All hardware combinations of the A24 are also available for the A24/VoIP. The brightness of the optional available lighted keypad is adjustable. As known from our A24 you can also connect the headset WHA to the A24/VoIP.

VoIP Industrial telephone

Type A24/VoIP

Technical data
